geographic exchange. Gerasimov is reported to be ill and this has resulted in a slow down in communications and a consequent possible delay in carrying out the exchange is anticipated. Efforts will be made to send U.S. delegation in September 1960 as planned. In addition, efforts to revise the proposed itinerary have not been well received by the chairman of the U.S.A. delegation and unless some change is made the exchange will have little interest to us.

# 3. Power Position Paper

The Power Position paper has been well received by DAD/RR. One omission was noted and a supplemental statement is to be prepared to correct the deficiency.
